Cross Sectional Shape:

Circular with center aperture

Cross Section Inside Diameter:

0.177 inches

Cross Section Outside Diameter:

0.438 inches

Construction:

One-piece

Special Features:

Length at centerline 206.00 min., 306.00 max.

Material:

Rubber butadiene-acrylonitrile class nbr

Style Designator:

Oval

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
