Cross Sectional Shape:

Rectangular

Length:

Between 0.840 inches and 0.860 inches

Cross-sectional Height:

Between 0.540 inches and 0.560 inches

Material:

Rubber, ams 3304

Material:

Rubber silicone class q

Material Specification:

Ams 3304 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
