Hole Diameter:

0.260 inches

Aperture Diameter:

0.938 inches

Center To Center Distance Between Bolt Holes Along Length:

1.900 inches

Cross-sectional Thickness:

Between 0.014 inches and 0.016 inches

Bolt Hole Quantity:

2

Material:

Aluminum alloy 1100

Material Specification:

Ams 4001 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
