Cross-sectional Height:

0.187 inches

Outer Groove Width:

Between 0.057 inches and 0.067 inches

Center Hole Diameter:

Between 1.812 inches and 1.818 inches

Peripheral Diameter:

2.150 inches

Cut Type:

Diagonal one side

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
