Cross Sectional Shape:

Hollow

Cross-sectional Thickness:

0.250 inches

End Application:

6530-00-926-2151

Material:

Rubber synthetic

Material Specification:

Zz-r-765, class zb, grade 60 or 70 federal specification single material response

Purchase Description Identification:

33714-b300-264-23/2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
