Accommodated Shaft Diameter:

Between 12.730 inches and 12.770 inches

Seal Width:

Between 0.480 inches and 0.520 inches

Accommodated Shaft Maximum Rated Speed:

2000 feet per minute

End Application:

Steering equipment; arleigh burke class ddg

Case Style:

Square

Housing Bore Diameter:

12.750 inches

Sealing Element Style:

Vertical

Material:

Stainless steel spring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
