Cross Sectional Shape:

Rectangular

Cross-sectional Height:

Between 4.200 inches and 4.300 inches

Cross-sectional Width:

Between 0.800 inches and 0.900 inches

Material:

Rubber, ams 3304

Material:

Rubber silicone class q

Material Specification:

Ams 3304 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
