Cross-sectional Height:

Between 0.460 inches and 0.470 inches

Outer Groove Depth:

0.080 inches

Outer Groove Width:

Between 0.068 inches and 0.072 inches

Center Hole Diameter:

Between 1.620 inches and 1.630 inches

Peripheral Diameter:

Between 1.951 inches and 1.952 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-268, 24s-t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
