Cross Sectional Shape:

Plain rectangular, straight face

End Application:

Minesweeping winch

Criticality Code Justification:

Zzzy

Material:

Copper alloy

Material Specification:

Astm b19 assn standard single material response

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08400
