Cross Sectional Shape:

Keyhole

Tempurature Rating:

2000.0 degrees fahrenheit

Length:

300.000 inches

Cross Section Outside Diameter:

0.500 inches

Cross-sectional Height:

1.250 inches

Friction Treatment Material:

Rubber, chloroprene

Environmental Attribute Code:

Asbestos alternative products

Special Features:

Made from non-asbestos material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
