Cross Sectional Shape:

Circular

Fabrication Method:

Braided

Length:

Between 4.688 inches and 4.750 inches

Cross Section Outside Diameter:

0.305 inches

Lubrication Material:

Graphite

Environmental Attribute Code:

Asbestos alternative products

Special Features:

Item contains non-asbestos material

Material:

Fiber, nonasbestos and fiber, jute

Material:

Fiber, nonasbestos and jute

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
