Cross Sectional Shape:

Plain rectangular, straight face

End Application:

Follow-up nut stabilizer trim mechanism, b-52h acft, nha p/n 5-40341

Special Features:

1.48 od, 0.358 width, 1.25 id

Material:

Wool comp f1

Material Specification:

Cf-f-506, ty i, cl 1, 16r1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08400
