Cross Sectional Shape:

Delta

Cross-sectional Height:

Between 0.145 inches and 0.155 inches

Special Features:

12.100 inch min, 12.220 inch maximum centerline circumference

Material Specification:

Cho-seal 10-05-2618-1215, cagec 18565 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
