Cross Sectional Shape:

Metal with soft filler

Hole Diameter:

0.437 inches

Overall Length:

27.875 inches

Overall Width:

7.313 inches

Cross-sectional Thickness:

Between 0.035 inches and 0.040 inches

Bolt Hole Quantity:

12

Environmental Attribute Code:

Asbestos alternative products

Special Features:

Non-asbestos material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
