Cross-sectional Height:

0.910 inches

Outer Groove Width:

Between 0.155 inches and 0.160 inches

Inner Groove Width:

Between 0.140 inches and 0.145 inches

Center Hole Diameter:

Between 0.750 inches and 0.751 inches

Peripheral Diameter:

Between 1.622 inches and 1.623 inches

Color:

Black

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
