**Cross Sectional Shape:**

O-ring

**Temperature Rating:**

-40.0 degrees fahrenheit and 500.0 degrees fahrenheit

**Material:**

Rubber polyester urethane class au

**Specification Data:**

08118-s2l232 professional/industrial association specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
