Cross Sectional Shape:

Square

Length:

12.000 inches

Cross-sectional Height:

0.188 inches

Cross-sectional Width:

0.188 inches

Special Features:

Material iaw mil-p-24583 grade 1, class 2; installer to cut to final required length

Material:

Graphite or carbon and yarn

Material:

Carbon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
