**Seal Width:**

0.619 inches

**End Application:**

Patriot system

**Special Features:**

Outside diameter: 4.974; inside diameter: 4.276; temperature range: m65 to p200 degrees f

**Material:**

Rubber butadiene nitrile spring

**Material Specification:**

+4615 a90 mfr ref single material response sealing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
