Seal Width:

0.619 inches

End Application:

Patriot system

Special Features:

Outside diameter: 4.974; inside diameter: 4.276; temperature range: m65 to p200 degrees f

Material:

Rubber butadiene nitrile spring

Material Specification:

+4615 a90 mfr ref single material response sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
