**Fabrication Method:**

Cellular, exploded

**Overall Length:**

25.700 inches

**End Application:**

F-5 acft

**Construction:**

Solid

**Material:**

Rubber synthetic

**Material Specification:**

Ams3208 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
