**Accommodated Shaft Diameter:**

18.625 inches

**Seal Width:**

Between 0.415 inches and 0.425 inches

**Housing Bore Diameter:**

19.545 inches

**Special Features:**

Seal, carbon/graphite filled polytetrafluoroethylene. Spring, corrosion resistant steel, 301

**Material:**

Plastic polytetrafluoroethylene sealing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
