**Cross Sectional Shape:**

O-ring

**Cross Section Outside Diameter:**

Between 0.067 inches and 0.073 inches

**Center Hole Diameter:**

Between 5.702 inches and 5.772 inches

**End Application:**

Preprovisioning support navicp is poe

**Special Features:**

Must conform to mil-std-413

**Material:**

Rubber

**Material Specification:**

Ams 7257 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
