Preformed Packing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5330-01-443-2746

Cross Sectional Shape:
O-ring
Cross Section Outside Diameter:
Between 0.067 inches and 0.073 inches
Center Hole Diameter:
Between 5.702 inches and 5.772 inches
End Application:
Preprovisioning support navicp is poe
Special Features:
Must conform to mil-std-413
Material:
Rubber
Material Specification:
Ams 7257 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
