Cross Sectional Shape:

Rectangular

Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Temperature Rating:

-40.0 degrees fahrenheit and 160.0 degrees fahrenheit

Length:

600.000 inches

Surface Condition:

Any acceptable both sides

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

1.000 inches

Color:

Gray both sides

Material:

Rubber, polyurethane, resilient

Material:

Rubber, polyurethane, resilient

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
