Cross Sectional Shape:

C-section w/ helical spring

End Application:

F-15

Construction:

Two-piece

Product Name:

C-seal gasket

Special Features:

Seal height 0.078 to 0.086; id 0.233 to 0.241; seal width uncompressed 0.074 to 0.078

Material:

Plastic polytetrafluoroethylene sealing element

Material Specification:

(99193)fluoroloy k mfr ref single material response sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
