Accommodated Shaft Diameter:

Between 0.550 inches and 0.570 inches

Seal Width:

0.103 inches

End Application:

2320-01-123-1610; light armored vehicle

Construction:

Solid

Product Name:

Sealing ring

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
