Hole Diameter:

Between 0.281 inches and 0.360 inches

Aperture Length:

Between 17.760 inches and 17.880 inches

Cross-sectional Thickness:

Between 0.109 inches and 0.141 inches

Bolt Hole Quantity:

22

End Application:

Nsn 2350-01-368-9528, carrier, command post

Material:

Cork and rubber

Material Specification:

Astm f104 assn standard single material response

Style Designator:

Oval

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
