End Application:

Bell helicopter

Special Features:

Material: 0.062in thick; 0.750in width; color: charcoal gray or black; manufacturer suggested name: extrusion-rubber, solid rectangular

Material:

Rubber silicone class q

Material Specification:

Ms3195 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

spec.
