**End Application:**

2.5 gal flowthrough discharge desurger, 1200 psi; seawolf class ssn

**Product Name:**

Anti-extrusion ring

**Special Features:**

Material c-276 a nickel-molybdenum-chromium alloy with addition of tungsten

**Material:**

Nickel alloy and rubber butadiene-acrylonitrile class nbr

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
