End Application:

2.5 gal flowthrough discharge desurger, 1200 psi; seawolf class ssn

Product Name:

Anti-extrusion ring

Special Features:

Material c-276 a nickel-molybdenum-chromium alloy with addition of tungsten

Material:

Nickel alloy and rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
