Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Width:

60.000 inches

Thickness:

0.062 inches

Length:

60.000 inches

Surface Condition:

Any acceptable both sides

End Application:

Trap, steam in; strategic sealift conversion s

Product Name:

Sheet, nonmetallic, protective

Color:

Any acceptable both sides

Material:

Rubber and fiber, nonasbestos

Material:

Rubber and fiber, nonasbestos

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
