End Application:

Rotary wing head control; ch-47 cargo-transport helicopter nsn 1520010883669

Construction:

One-piece

Criticality Code Justification:

Agav

Product Name:

Retainer, bearing and seal, controllable swashplate

Special Features:

18 holes on 17.406 inch circle, 18.50 outside diameter, 15.56 inside diameter, 1.00 height

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
