End Application:

Sight flow indicator (59958) sfi-15212, 1-1/2 inch 250 psig flat face flange per mil-f-20042d

Product Name:

Outer gasket

Special Features:

4500 psi tensile strength tear resistant elastomer and hybrid binder for applications to 750f (400c)

Material:

Rubber

Material Specification:

Nobestos d-7301 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
