**End Application:**

Sight flow indicator (59958) sfi-15212, 1-1/2 inch 250 psig flat face flange per mil-f-20042d

**Product Name:**

Outer gasket

**Special Features:**

4500 psi tensile strength tear resistant elastomer and hybrid binder for applications to 750f (400c)

**Material:**

Rubber

**Material Specification:**

Nobestos d-7301 mfr ref single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
