Tempurature Rating:

2000.0 degrees fahrenheit

Operating Medium:

Flame

Product Name:

Seal, aircraft, mater

Special Features:

Constructed of silicone rubber and fiberglass cloth impr

Functional Description:

Fire barrier

Material:

Rubber synthetic sealing element

Supplementary Features:

Max weight 0.25 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
