End Application:

2in class 600 aeroflow with 6 in and 4in ansi b16.5 weld neck flanges 6in double acting spring return piston actuator; tarawa class lha

Product Name:

Packing flange

Material:

Steel

Material Specification:

Aisi or astm a108 gr 1144 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
