Seal Width:

1.375 inches

End Application:

5855-01-475-9444; viewer infrared

Construction:

Laminated

Hardness Rating:

40.0 shore durometer a outer ring

Product Name:

Seal, ptm roof assembly

Special Features:

Idis 4.75in, od is 14.001in, has 8 holes, material rubber, gum, ethylene propylene (unclean) 40 durometer

Material:

Stainless steel inner ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
