Accommodated Shaft Diameter:

3.000 inches

End Application:

Stream (std tensioned replenishment at sea method)

Product Name:

Face seal

Special Features:

This part includes a seperate mating ring (86369) made of sst 304 or 304l and goes to a ac motor, 405tnd

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
