End Application:

Uh-1 helicopter

Environmental Attribute Code:

Asbestos alternative products

Special Features:

Fuel and oil resistant

Material:

Rubber butadiene-acrylonitrile class nbr and fiber nonasbestos

Material Specification:

Sae ams3275 assn standard single material response

Fsc Application Data:

Bulkhead engine compartment firewall

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
