NSN 5330-01-484-9670

Nonmetallic Strip Seal - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5330-01-484-9670

Cross Sectional Shape:
Rectangular
Overall Length:
17.000 inches
Cross-sectional Height:
0.450 inches
Cross-sectional Width:
0.250 inches
End Application:
Cass eots offload
Construction:
One-piece
Special Features:
Trim ends to fit flush at assembly
Material:
Rubber silicone class q
Material Specification:
(16331)973004001-10 mfr ref single material response
(16331)973004001-10 mfr ref single material response
(16331)973004001-10 mfr ref single material response Style Designator:
(16331)973004001-10 mfr ref single material response Style Designator: Strip
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data:
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data: Adapter, hose, cooling ai (76301) 63e919315g1
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data: Adapter, hose, cooling ai (76301) 63e919315g1 Shelf Life:
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data: Adapter, hose, cooling ai (76301) 63e919315g1 Shelf Life: N/a
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data: Adapter, hose, cooling ai (76301) 63e919315g1 Shelf Life: N/a Unit Of Measure:
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data: Adapter, hose, cooling ai (76301) 63e919315g1 Shelf Life: N/a Unit Of Measure:
(16331)973004001-10 mfr ref single material response Style Designator: Strip Fsc Application Data: Adapter, hose, cooling ai (76301) 63e919315g1 Shelf Life: N/a Unit Of Measure: Demilitarization:
