End Application:

Depth control pressurization valve assembly

Product Name:

Piston rider

Material:

Plastic polytetrafluoroethylene

Material Specification:

Mil-p-24074 type 1, cl a military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-p-24074 spec.
