End Application:

F/a-22 raptor

Product Name:

Sealframe-gun barrell trough panels

Special Features:

Material is 15in wide x 42 in long x 0.016 in thk

Material:

Titanium alloy uns r56400

Material Specification:

Ams 4911 t1 6al-4v ann titanium assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
