**End Application:**

F/a-22 raptor

**Product Name:**

Sealframe-gun barrell trough panels

**Special Features:**

Material is 15in wide x 42 in long x 0.016 in thk

**Material:**

Titanium alloy uns r56400

**Material Specification:**

Ams 4911 t1 6al-4v ann titanium assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
