Cross-sectional Height:

0.250 inches

Center Hole Diameter:

11.500 inches

End Application:

Indicator, sh; los angeles class ssn (668)

Hardness Rating:

90.0 shore durometer a

Special Features:

Quad-o-dyn 6 sides; 11.500 in x 0.250 c/s

Material:

Rubber fluorocarbon class fpm

Material Specification:

514vn mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
