End Application:

Drain, sink - water heater or corn cooker

Component Quantity:

8

Component Document Origin:

Industrial

Document Source:

20087

Document Type:

Engineering drawing

Special Features:

This has 3 different sizes of gaskets; all 3 sizes have an internal diameter of 2.00 inches (in.); p/n 05.30.009b is a thin neoprene gasket with an outside diameter (od) of 2.85 in. With a thickness of 0.046 in.(2 included); p/n 05.30.009c is a rubber gasket with an outside diameter (od) of 2.75 in. With a thickness of 0.125 in.(4 included); p/n 05.30.009d is a fiber gasket with an outside diameter (od) of 2.563 in. With a thickness of 0.031 in.(2 included)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
