Cross Sectional Shape:

Metal and metallic materials

Fabrication Method:

Solid

Cross-sectional Thickness:

0.380 inches

End Application:

Contractor logistic support moder m871, 30- foot trailer, laundry advanced syatem (ladds), nsn 2330-00-122-6779 contract daak60-97-c-9222 tm 9-3510-122-24p

Product Name:

Door clamp pad

Special Features:

1.5 inch by 1.5 inch

Color:

Natural

Material:

Steel comp 304

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
