Cross Sectional Shape:

Rectangular

Overall Length:

Between 11.230 inches and 11.290 inches

Cross-sectional Height:

Between 0.699 inches and 0.781 inches

Cross-sectional Width:

0.380 inches

Construction:

One-piece

Product Name:

Gasket

Special Features:

3).38inch diameter bolt holes

Material:

Rubber silicone class q

Material Specification:

Zz-r-765, cl2b, gr25, gray federal specification single material response

Style Designator:

Strip

Fsc Application Data:

Access panel 6129198-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
