Cross Sectional Shape:

L shape

End Application:

Aircraft carrier cvnn76 forward iccs dome window

Product Name:

Glass gasket

Special Features:

For window sizes top 25 11/16, bottom 42 3/16, height 17 1/2 and top 22 3/8, bottom 26 11/16, height 19 7/16; length as required; I shaped channel gasket 2 pieces held together on edge of glass with sealing compound 3m-ec-1020

Material:

Rubber fluorosilicone class fq

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
