End Application:

Aircraft launching accessories

Criticality Code Justification:

Agav

Product Name:

Seal, ram, aircraft, m; shamban grooved plus seal ii

Special Features:

Contractor supplied interim support item list (isil); ram seal assembly consists of polytetrafluoroethylene seal ring and elastomeric plus ring energizer per (30003) 3491as0724s

Material:

Plastic polytetrafluoroethylene sealing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
