End Application:

F/a-22 raptor

Product Name:

Seal retainer, hud center console

Special Features:

7075-t6 aluminum; .032 thk; width 13 x length 30; 24 holes .220-.260

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
